WHEELCHAIR PARTS Spare parts guide

Every spare part PQUIP stocks for wheelchairs, with the models each part is documented to fit. This list was produced from the PQUIP website on 9 October 2026; the website always has the current range, stock and your price.

FINDING THE RIGHT PART

- Find the **model code** on the product label - on the frame, under the seat or on the box - for example PA146, PAB820 or RCM0710.
- Look for that model in the **Fits** column. A part fits a model PQUIP no longer sells: the list keeps older models because the equipment is still in use.
- Where a part comes as a left and right, or in sizes or colours, the codes for each are listed under the main code.

> **Model not listed, or unsure?** Send us the model code and a photo of the part, and we will confirm it before you order - **07 3806 4274** or **sales@pquip.com.au**. Fitting a part should be done by someone competent to do it; if you are unsure, ask your supplier or a technician.

WHEELCHAIR PARTS - 151 LINES

Picture	Code	Part	Fits
	SWH828K(ND)	12" PU REAR WHEEL	PA221
	SWH-RW105	12" REAR WHEEL PA223 PA224	PA223, PA224
